Trail 6 bridge – Eric explained how the \$6,000 grant that the club applied for was double counted by the County Conservation group. This means instead of the club owing about \$2,000 on the bridge we will owe about \$8,000. The County said that if there is money left over from other projects they can possibly shuffle some other money to us but they won't know until the end of the year when everything is constructed.

Trail 27 – Al Makela has completed most of the bulldozing on this reroute.

Priem bridge – funding has been approved, waiting for permit

Bennett Road - Eric Shaffer met with the township this week. They stated that all town roads are snowmobile routes by ordinance. The roads were all signed years ago but they have slowly disappeared and the town has not replaced them. They said if we supplied necessary signs that they would put them up.
